

This map displays five numbered recreation areas in Moore County, North Carolina, as of 1990. The areas are defined by dashed lines and filled with distinct colors: Area 1 is light blue, Area 2 is light green, Area 3 is light purple, Area 4 is light orange, and Area 5 is light yellow. The map also shows major water bodies, including Lake Norman and Lake Tugalo, and several communities: Shelbyville, Fayetteville, and Huntland. Other labels include 'LYNCHBURG CCD', 'BAKERSTOWN CCD', and 'TULLAHOMA'. The map is oriented with North at the top, indicated by a north arrow in the bottom right corner. The map is titled '1990 COUNTY BLOCK MAP (RECREATION)' at the top.

Figure 1 displays a grid of 12 icons representing various map features. The icons are arranged in three rows and four columns. The first row contains: Highway (solid line), Pipe/Power Line (line with cross-ticks), Stream/Shortline (dashed line), and Intermittent Stream (line with wavy cross-ticks). The second row contains: Secondary Road (solid line with cross-ticks), Ridge/Physical Feature (line with cross-ticks), Property/Fence Line (line with cross-ticks), and River (wavy line). The third row contains: Jeep Trail/Wakeup/Ferry (line with cross-ticks), Nonvisible Boundary (dashed line), Cluster (wavy line with dots), and Inset (solid line with cross-ticks).

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A "*" following a block number indicates that the block number is repeated elsewhere in the block.

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File Products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
